Table Worker Assignments

Please make sure that you have 3 to 4 parents (kids can run the bout sheets) available for the entire block of time your team is responsible. Please note that your parents are responsible for making sure that kids are at the appropriate table ready to wrestle when their match is approaching. In cases where wrestlers are not ready to wrestle:

1. Start the next match
2. Send someone to have the missing wrestler's name announced and to immediately report to the table
3. If the child is not there with-in two matches they automatically forfeit the match.

In addition, workers need to "X" out the loser's name and circle the winner's name. Please have the winning wrestler report to the table following a win and confirm their win with the table workers.
