Table Work Team Assignments

Please make sure that you have 3 to 4 parents (kids can run the bout sheets) available for the entire block of time your team is responsible. Please note that your parents are responsible for making sure that kids are at the appropriate table ready to wrestle when their match is approaching. In cases where wrestlers are not ready to wrestle, I am instructing the table worker to:

1. Start the next match
2. Send someone to have the missing wrestler's name announced to report to the table
3. If the wrestler is not there with-in two matches they automatically forfeit the match
